You will find below an e-mail message from Ruth Santiago, Esq., a Guayama community leader that has asked me to forward documents pertaining to the AES enforcement action.

Background: Eduardo González recently participated in field sampling activities in Guayama concerning the use of the Agremax material as fill material in the Guayama area. During these activities, Eduardo mentioned to Ruth and other community members about the CWA enforcement case against AES . During the new office inauguration, Eduardo introduced us and I gave her a snapshot of the enforcement case. Upon her request, I gave her a copy of the compliance order.

Ex. 5 - Deliberative

Good evening!
